Organization of the Sphere of Influence of Tajrish Square, Tehran, Iran
(Organization strategies in renovating the land scope and identity of Tajrish square)

These two interactions, historical, religious, social, cultural, and natural multiple capabilities of the city of Tehran are done in the整形 of Tajrish Square in the destination area of streets and buildings, commercial and administrative, green space, parking areas, and creating the sphere of influence has always been the constant concerns of city managers.

Tajrish as the first area of Tehran

Parking area in front of Salabeh shrine and near Tajrish Square which was designed for this project.

Occupied areas and main land parcels of Tajrish

Commercial Administrative
Green space
Bank
